Human Supporters Association

February 2014 Newsletter

School Support (Step Up)!

For many years Human Supporters Association has embraced hundreds of kids in the School Support Program , these kids aged 7-9 years old , from 2nd , 3rd , and 4th grade , they had classes in English , Arabic and Mathematics by one teacher for each subject , by using the non-formal education , and these classes were to improve the educational and psychological level of these kids.

According to the successful of the project during all the past years ,HSA decided to step up in the project and make it bigger , so HSA hired 6 teachers , 2 teachers for each subject , and targeted 130 kids aged 7-10 years old from 2nd , 3rd , 4th and 5th grade.

We don't forget to thank all who believed in our call and supported us , and with their support all that was possible to happen , so we appreciate and thank , Le Amis de Naplouse ,Avec Human Supporters , Chiesa Valdese , Regional Council –Pay de La Loir ,AIPEV-Onlus , for their support and contribution.

And this time , the classes will be given in the headquarter of the association .

HSA will keep working on making their projects growing to provide the society with the best activities and services.

Euro-Med France delegation visiting HAS

A delegation from Euro-Med France visited the association , and they were welcomed by the Programs Director Mr. Ali Nobani and some volunteers of the association.

The delegation was taken to a tour to The Old City of Nablus , were they saw the historical sites and some place that was effected by the occupation and the Israeli invasion , and were told some stories about how these actions affected the life in the old city.

Then they watched some documentaries about the occupation and about the association and its activities.

In the end of the visit , the delegation showed their appreciation and satisfaction about what the association so to the society , and they showed their interests also to open a communication and networking with us and cooperation in the future.

Character of the month

Mrs. Hayat Abu Lawi

Mrs. Hayat Abu lawi , is married and a mother for 4 kids , she is one of the teachers who works in the school Support for many years , she is teaching Mathematics .

Mrs. Abu Lawi completed her studies and got her Bachelor degree , while she was married and a mother for 3 kids in that time , and since then she was successful in organizing between her life as a housewife and a teacher in a very impressive way, and she still attending workshops , trainings and conferences to improve her skills.

Mrs. Abu Lawi is talked to us about her experience in Human Supporters Association :

“I started in HSA many years ago in teaching in literacy program for mothers and school dropouts, then I started working in School Support Program.

I’m very grateful for working in the association , because I found the chance to show my skills and to improve them , and I am thankful as well for HSA to give me the chance to do that , and I always feel like home when I am at work , because it is a place where I can be myself and present my thoughts and Ideas”.

Human Supporters activities

Human Supporters still has more activities during almost everyday

Dance Boys:

HSA has embraced a talented young people from the age of 14-16 years, and has provided them with a place for training and to develop their skills in dance, and these young men are also give a training to other group of children sometimes

Italian course:

HSA began an Italian language course for beginners in the mid of February, where the Italian volunteer Yana Gori giving this session.

the duration of this course will be a for a month by 3 days a week with two hours for each session, and approximately 15 volunteers Participated in this course , some of them are volunteers from the association.

Theatre Training:

HSA provides a theatrical training during the days of the week , and has been open membership to all who wish to participate in this training, in this training participants will learn how to act , perform and self-expression and how to present a theatrical performance.
