**EU Aid Volunteers**  
We Care, We Act

Human Supporters Association in Partnership with ASPEm from Italy and other international partners started the second year of the project "EU Aid Volunteers Support Humanitarian". Action for Resilience and Empowerment" (**SHARE**).

H.S.A Participated on online meeting through the Project SHARE on the 8th of April 2021. The meeting discussed information of SHARE project and share information about each partner country health situation.

**#EUAV #ASPEm #ADICE #NABLUS #PALESTINE  
#HSA #SHAREPROJECT.**

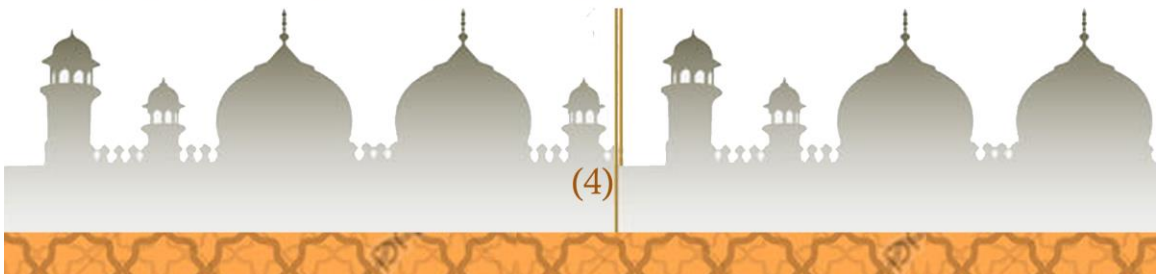

HSA for the eighth year implemented the project “Nutrition<sup>™</sup> Basket” 2021 in a partnership with our French partner “LIFE” and Ministry of Social development- Nablus, in a cooperation with our local partners, we distributed 450 nutrition basket for low income families and people in need, which contains many different type of essential food.

We are very thankful to **LIGUE ISLAMIQUE FRANCAISE POUR L'EDUCATION “LIFE”** for this generous fund and donations which help, families and draw the smile on people’s faces and big thanks for volunteers and everyone who participated in supporting and implementing this project, we hope our god bless you all.

## School Support project 2021

H.S.A continued in implementing the school support project for the second semester of 2021, for the students from the age of 7-10 years. Regarding the spreading of coronavirus in Nablus city and especially between the students in the schools, they have started using (E-learning) at the beginning of April.

Moreover, schools were closed for two weeks, so considering the situation they decided to implement this project by following health procedures, and that is by holding Arabic, English and mathematics classes with students via Internet, where communication with parents was agreed upon at the appropriate times for them. At the end of April, and after the students returned to schools, students were received at the association's center to complete their studies to continue the educational process. Also, many educational and entertainment activities were held for them, and they used different ways to make the students understand the material easier (such as drawing, painting the words and letters, also by using photos to memories the words).

## HSA participated in the training project in a cooperation with women's studies Center

H.S.A is one of the associations that always seeks to provide its best by implement many activities and programs in several fields, such as: Educational, cultural, social and entertainment for all groups of society, and it always seeks to motivate and provide its employees with experiences and skills to develop their performance at work.

Employees of HSA participated in the training project " improving the resilience of Nablus governorate communities through women's empowerment and gender mainstreaming", provided by women's studies Center to increase experience and skill in the field of administration and social work, in addition to participate in many workshops that help them to get new information and work to improve their performance, such as: introducing the law of Work, how to write CVs and reports, the importance of interviews and how to prepare for it, gender, and how to express and protect themselves. We are thankful to the women's studies Center for offering the opportunity for our employees to participate in this project.

# Traditional Dabkh dance trainings

Dabke dance is a traditional Palestinian dance since ancient times, and is inherited by children from their grandparents.

Dabke training is one of the cultural and educational activities that Human Supporters Association still provides for the children aged 10-13 years old, by the trainer Tala teaching them in HSA center, the team of Dabka continues to learn new dance moves in tune with traditional Palestinian songs and is working on developing their performance and they are very proud of themselves and their work .

The dance lessons aim at preserving the Palestinian heritage and sharing it with future generations teach children how to work in group and developing their talent, skills .
