EU Aid Volunteers
We Care, We Act

Human Supporters Association in Partnership with ASPeM from Italy and other international partners started the second year of the project "EU Aid Volunteers Support Humanitarian Action for Resilience and Empowerment" (SHARE).

This deployment project aims at supporting Non EU partners with humanitarian expert volunteers to work on their local projects and help their beneficiaries.

The SHARE project has several expected objectives such as:

- * Improving the projects of local partners (new methods, tools and skills).
- * Improving the volunteering and humanitarian aid projects management of Non EU partners.
- * Achieving and developing new humanitarian projects to support the local communities.
- * Gaining new skills and new experiences as a participant of "EU Aid Volunteer project".
- * Disseminate largely the values, activities, results of this EU Aid Volunteers project and global initiative.

School Support Project 2021

HSA started planning and preparing to implement school support project 2021 for the second semester at the beginning of February in HSA center, we will take all the preventive and health measures to hold it in the safe way due to the emergency situations in Nablus city.

The project will target 30 children aged 7-10 years old, who have difficulty learning, low achieving, psychological and the family problem, the students will come after the school at 2:00 pm for three days a week.

The teachers will teach them “Arabic and English language, Mathematic”, this project aims to improve the educational level of students.

We wish them success in their school.

Scientific technological Lab

HSA in partnership with the Al-Nayzak association inaugurated the "Scientific creativity lab in its center, by Mrs. Amina Aslan chair women of HSA and Mr. Aref Al-Husseini chairman of Al-Nayzak association, we invited our local partners to celebrate with us the event.

During the event, we presented short video about HSA activities, programs and the development of its center, we hope to achieve our goals and serve all groups of society.

HSA prepared for new activities 2021

HSA started preparing and planning to implement new programs and activities for all the groups in the society in the new year 2021, of course we will take all the safety measures to hold it in the safe ways.

In January, after the inaugurated the "Scientific creativity lab in HSA center, we will implement some of the technological programs for children, youth and women in the next months.

We hope the situation around the world will improve and be better, and receive international volunteers to work together.

Dabke dance training is one of the most important activities that the association provide it for the children 10-14 years old, to discover their talents and develop it. In the beginning of the new year 2021, HSA continue to implement trainings Dabke dance for the children, by the "Trainer Tala" in its center every Thursday at 1:30 pm.

The trainer Tala noticed an improvement in their performance and personalities, so she started teaching them some of new movements to create new show with new traditional songs.

The dance lesson aim is to teach children how to work in group and developing their talent and get new skills.
