School support project 2021

SCHOOL BUS

School support project 2020 " is one of the important educational project that HSA provide it for children aged 7-10 years old, the children come after the school at 2:00 pm in HSA center for three days' a week.

During second semester of implementing the project, the teachers followed non-Formal way, and help to improve their educational level by using some materials that facilitate the student's understanding of the explanation easily in the three subjects, the teachers are noticed improvement in their educational level through the exams.

We are happy to see the result of the project for the children, now the children know the alphabet, able to read and write.

The project was completed by small graduation party for them, as a reward for their commitment and the noted improvement in their educational level, some of the activities was done such as: singing children songs, playing, they had a great time, and wish them the best from HSA.

HSA participated in the training project in a cooperation with women's studies Center

In a cooperation with the Women's Studies center, two trainees from Human Supporters Association participated in the training project that the Women's Studies center provide it "improving the resilience of Nablus governorate communities through women's empowerment and gender mainstreaming", to increase experience and skills in the field of administration and social work, in addition to participate in many workshops that help them to get new information and work to improve their performance.

The implementation of the training project is finished in May, and the participants will start to work at the beginning of June.

We are thankful to the women's studies Center for offering the opportunity for our trainees to participate in this project.

Helping Palestinian children by donating to HSA

Human Supporters association's mission is to empower, mobilize, and serve the local communities in Nablus, West Bank and Gaza with a special focus on children, youth and women in marginalized communities (refugee camps, remote villages and the old city of Nablus).

The main objective of Human Supporters Association is to improve the living conditions of children, youth and women to help them to build their own future through psychoeducational programs, rehabilitation, workshops, trainings and humanitarian support.

We started collecting financial donations from different organizations and the people around the world for the activities, services and programs that we provide it to all the groups of society specially for the children. we thankful for your donations to draw the smile on their faces.

Psychological first aid training

HSA implemented a workshops for two days about "psychological first aid", which is part of a series of training to build and develop the skills of the volunteers and youth aged between 18 to 35 years. This training held at the association's Center, and it includes the most important skills and professional principles of Psychological first Aid. We considered all health and preventive safety measures during the implementation, and the next workshops of the training will be held during the month of June.

Youth Exchange in Ukraine

Five Palestinian participants from “Human Supporters Association” (HSA) participated in the youth exchange program “Break the Borders in Yourself” from May.20th-29th in Ukraine in A partnership with (Liberty forum). Many countries participated in this program including Croatia, Lithuania, Germany, Italy, Hungary, Bulgaria, Palestine, Portugal, Jordan, and Ukraine. The Palestinian participants learned so much about the migration and traditions of the different countries. Various activities and workshops were made to learn more about migration. On the second day, the organizers made a day for touring around the city of Lviv, showing the famous monuments. There was an intercultural night in which the Palestinian participants presented the Palestinian traditional dance, Dabkeh, and served Palestinian food. After that, they continued attending more workshops and exploring the city. They returned safely back home on May.31st

Ramadan Kareem

Iftar Ramadan in HSA

HSA organized breakfast "Iftar" during the holy month of Ramadan. This event involved the association's employees and volunteers. They had the traditional Palestinian meals, during this event we spoke about the upcoming activities and plans, and spent an enjoyable time in the association, such vent was necessary, especially after the exam period of the spring semester for the volunteers.
