HSA for the sixth year started the implementation “Nutrition Basket” project in cooperation with our French partner “LIFE”, they had donated “850 nutrition basket” for low income which contains many different type of food and sweets.

This year it was Exceptional because of coronavirus around the world special in Palestine, as a result the unemployment rate increased and the economic situation is decline, so we tried to help the people in need special in this days .

We are very thankful to **LIGUE ISLAMIQUE FRANÇAISE POUR L'EDUCATION “LIFE”** for this generous fund and donations which help families and draw the smile on people's faces, and big thanks for volunteers and everyone who participated in supporting and implementing this project, we hope our god bless you all and give you what you wish insalla.

EU Aid volunteers

HSA received two EU Aid volunteers (EUAV) at the first of Jan in Nablus, as a part of project “SUD HAV2”, for six months in Palestine, in Nablus city.

Verana from Germany and Alice from Italy spent around 3 months in Nablus till the middle of March, they worked in administrative works and participated in some of the projects in the association such as school support project.

Because of the emergency happened around the world because of Corona virus spread, they left in the Middle of March to their countries, so we paused the work with them till the situation will be good around the world and virus corona finish.
