## Scientific technological Lab Project

In Partnership with Al-Nayzak Association, Human Supporters Association created a special room for Scientific Technological Lab in its center, it was donated from AL- Nayzak Association. During September, we prepared a good place for this lab and merged some of rooms together to become wide and comfortable room, it's almost done and will finish it in October and we will make event to open it, then start teach some of computer programs for children and youth, women, and develop their computer skills, as well to use it for scientific and technological aims.

we are grateful and thank them for their donation and hope to use it in the useful way for the society.

## School Support project 2020

Human Supporters Association started implement " school support project 2020" in its center, for three days a week, the children come after the school for two hours at 2:00 pm, the teachers teach them Arabic and English language also mathematic, the aim of this project is improve the educational level of children.

The project targeted 30 children aged 7-10 years old, who have difficulty learning, low achieving, psychological and the family problem.

This year, we received 30 students, because of the emergency situation in Nablus city because of covid-19, of course we took all the preventive and health measures to hold it in the safe way, we wish them success in their school.

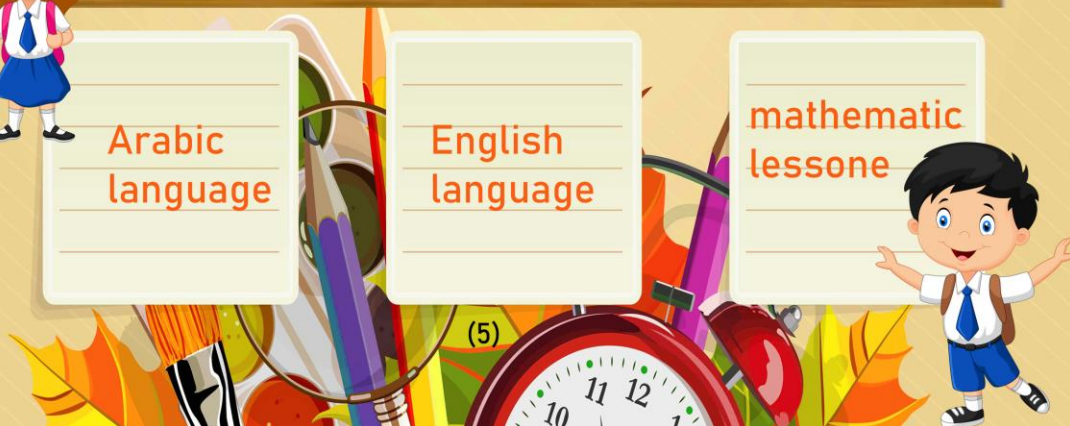

We are thank to kAvec Naplouse, AFPS- Meurth et, Moselle Nord, AFPS Paris 14-6, for their donations and support this project.

## Renovation of **HSA** project

Human Supporters Association almost finished implement all of the construction inside its center, and it will finish at the beginning of October, during September, we continued our administrative work and prepared for the activities and programs such as: school support, technological Lab... etc., so it's ready to hold different and new activities at October, for children and youth, women. After all the changes that happened in HSA center, it has become a wide and comfortable place that gives motivations to work, and achieve our goals.
